

# LAYGO COMPATIBLE HEAT EXCHANGER GASKETS FISCHER

## Frau27

The food industry is one of Laygo's compatible heat exchanger gasket applications. One of the manufactured models is compatible with Fischer's high quality machinery, an Austrian manufacturer.

Laygo Gaskets have been designing and manufacturing heat exchanger gaskets for more than 35 years in the sector, offering watertightness and high performance.

In addition, Laygo offers a preventive maintenance service to its customers in Spain and Portugal for the heat exchangers that house the gaskets to ensure their correct operation.

You can [contact](#) Laygo Gaskets' sales department if you wish to receive a fully personalised quotation.
